

RANGANATH R

Computer Science Engineering Student

Kadakola, Mysore | 8618791722 | ranganahtrr@gmail.com | github.com/Ranganath-R

PROFILE

Third-year Computer Science Engineering student with a strong academic foundation and a growing focus on software development, problem solving, and Data Structures and Algorithms. Currently building practical projects and strengthening programming skills in C, C++, and Java.

EDUCATION

Bachelor of Engineering — Computer Science Engineering
Sri Jayachamarajendra College of Engineering, Mysore

CGPA: 9.1
Expected 2028
3rd Year

PUC
Sadvidya PU College

95%

10th Standard
Christ School

95%

TECHNICAL SKILLS

Languages: C, C++, Java

Computer Science: Data Structures, Algorithms, Problem Solving

Development: HTML, CSS, JavaScript, React, Node.js, Supabase

Tools: Git, GitHub, VS Code

PROJECTS

Student Task Manager

A student-focused task management application developed to organize, track, and manage academic tasks. Built with HTML, CSS, JavaScript, Node.js, and Supabase.

Technologies: HTML • CSS • JavaScript • Node.js • Supabase

Developer Portfolio

A responsive personal portfolio built with React and Vite to present technical skills, projects, education, and professional contact information.

Technologies: React • Vite • CSS • JavaScript

CURRENT FOCUS

Data Structures & Algorithms • Problem Solving • Full-Stack Development • Building Real-World Software Projects

ADDITIONAL INFORMATION

Currently developing software projects and strengthening core programming and computer science fundamentals.
